

**HUSUM  
Wind**

The German  
Wind Trade Fair  
and Congress

# THE GERMAN WIND TRADE FAIR

10 – 13 September 2019

[husumwind.com](http://husumwind.com)

# HUSUM Wind – The Home of the Wind Industry

HUSUM Wind has been the meeting place and the shop window of the wind industry for almost 30 years

The fair is the perfect showcase for the cutting-edge technology, variety and innovative capacity of the German market along the entire value chain – and in such an authentic location as Husum. Situated in the heart of North Frisia, the cradle of wind power, it is more than just a trade fair: it is the atmosphere, the networking, congress & events, and that special spirit that make HUSUM Wind so exceptional.

The 2017 fair was enthusiastically received by both exhibitors and visitors:

■ 87 % of visitors said their expectations were fulfilled or exceeded.

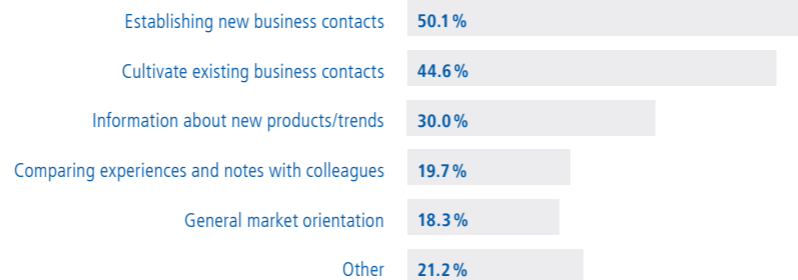

- 66 % of visitors are involved in purchasing decisions
- Over 48 % heard of HUSUM Wind through recommendations (colleagues, superiors, business associates)
- Over 23 % are (co-)owners or operators of a wind turbine

*"Convenient size, plenty of opportunities for networking"*

## ■ Objectives/main objectives of the visitors (excerpt)

■ Most of the international visitors came from:

1. Denmark
2. Netherlands
3. United Kingdom
4. Spain
5. Switzerland

■ Most German visitors came from:

1. Schleswig-Holstein
2. Hamburg
3. Lower Saxony
4. North Rhine-Westphalia
5. Bavaria

## All aspects of wind energy – onshore and offshore:

- Manufacture (turbines and turbine components)
- Planning and operation
- Service and maintenance
- Digitalisation
- Sector coupling
- Logistics and installation
- Finance, insurance and consulting
- Research and development
- Training and further training
- Associations, media, politics and other institutions

## Young innovative enterprises

The Federal Ministry for Economic Affairs and Energy (BMWi) supports the participation of young innovative enterprises at a communal stand. Technology start-ups and enterprises younger than 10 years old can profit from a subsidy of up to 60 % of their participation costs. Take advantage of this opportunity and favourable conditions now to be part of the year's most important wind trade fair.

## Windcareer

The last day of HUSUM Wind is dedicated to the Windcareer job and training fair, with its focus on work, careers, training, further and re-training in the wind industry. Windcareer's peripheral programme includes free checking of your application portfolio and informative workshops. Show yourself to be an attractive employer in the wind industry, and meet your future employees in person.

## Old Age Turbines: Pension or Comeback?

The EEG has been companion to the windmills throughout their 20-year lifecycle – but what then? Repowering, dismantling, recycling or maybe even continued operation? We will be discussing and answering these questions together at HUSUM Wind 2019.

# WIND IS OUR BUSINESS AND ALWAYS HAS BEEN

## HUSUM Wind 2019

10 – 13 September

Exhibitors expected: 650

Visitors expected: 17,500
