NEW: EXHIBITION AREA OFFSHORE WIND & GREEN HYDROGEN

Next to onshore wind, offshore wind is the most important energy source for the production of green hydrogen in Europe. The new **OFFSHORE WIND & GREEN HYDROGEN** exhibition area at HUSUM Wind 2021 offers companies, start-ups and R&D institutions a unique cross-sectoral business matchmaking platform.

REASONS FOR YOUR PARTICIPATION:

- ✓ Visitors with interest in offshore wind & green hydrogen
- ✓ Placement in Hall 1 (main entrance)
- ✓ Station during exhibition opening tour
- ✓ Integrated expert forum
- ✓ Potential for project initiation with other exhibitors
- ✓ 1,000 sqm of exhibition space
- ✓ Networking
- ✓ Extensive advertising through established channels

WIND INDUSTRY & GREEN HYDROGEN FORUM

THE NEW CROSS-SECTORAL B2B DISCUSSION PLATFORM

The national offshore and onshore wind association and innovation cluster WAB e. V., in cooperation with the international PLARAD Wind Suppliers Forum, is organising the WIND INDUSTRY & GREEN HYDROGEN FORUM for the first time. Experts from the wind industry, politics, transformative industry and mobility will meet here for exchange and networking.

Scheduled topics include the National and North German Hydrogen Strategy, the importance of offshore wind for the growing hydrogen economy, as well as potentials and innovations for value creation and employment along the supply chain.

JOINT STAND WAB E. V.

Come on board and realise your appearance at HUSUM Wind 2021 together with us! The WAB joint stand is located directly next to the specialist forum **WIND INDUSTRY & GREEN HYDROGEN** and is open to WAB members and friends of the WAB. Joint stand exhibitors also have the opportunity to contribute to the forum programme with a technical presentation.

REASONS FOR YOUR PARTICIPATION:

- ✓ Coordination & organisation by WAB
- ✓ Services provided by WAB (e.g. catering)
- ✓ Technical support on site
- ✓ Available meeting room on the stand
- ✓ Slots at **WIND INDUSTRY & GREEN HYDROGEN FORUM**
- ✓ Networking
- ✓ Extensive advertising through established channels
