

## The next generation of wind energy: Find new talents at WINDCareer on 18-19 September 2025 at HUSUM!

Finding the right talents remains a challenge. However, it is clear that the industry offers diverse career opportunities: Without the right minds and hands, the energy transition CANNOT succeed. Many positions are vacant, and the competition to win skilled workers is increasing.

**Our approach?** Networking on a new level! The **WINDCareer**, as part of HUSUM WIND 2025, brings together students, career changers, and people with practical experience in one place – offering companies the unique opportunity to recruit their employees of tomorrow!

**Our highlight: Exciting speakers and networking on equal footing on the topic of the shortage of skilled workers in the wind industry and renewable energy sector!**

The WINDCareer brings together experts, enthusiasts, and visionaries who will explore current topics such as the shortage of skilled workers, digitalization, and the future of the wind industry in lectures and discussions.

**Take the chance to position yourself as an attractive employer and attract talents. #RethinkEnergyTransitionTogether**

**Due to its great success, WindCareer 2025 will now take place over two days.**

### Why participate?

1. **Effective recruiting:** Find the right personnel quickly and directly – from young talents to experienced professionals.
2. **Understand and utilize digitalization:** Discover how to use digitalization for your personnel search without losing valuable positions.
3. **Valuable contacts and long-term relationships:** It's not just about finding new talents but also about retaining them long-term.

We offer you the advantage of experiencing and discussing the most important topics – shortage of skilled workers, personnel search, and retention – in one place. Additionally, we guarantee you a decisive advantage: **All visitors and contacts in one central location!** No long distances, no time losses – dive directly into conversations and networking. **#FocusOnTheFUTURE**

Take advantage of this unique opportunity and position your company as an attractive employer of the future!

› Become part of the WINDCareer at Husum WIND and secure the skilled workers of tomorrow! #FocusOnTheFUTURE
